

MAINLINENO BRAIDED MAINLINE

Mono or Fluorocarbon is okay.

Must have tubing or purpose designed leaders eg Korda Safezone (incl Helisafe), Nash Diffusion. We sell ESP & Gardner Leadcore Leaders.

HOOKLINKNO BRAID

Coated braid is fine – if using a solid bag strip a few centimetres off behind the eye to give flexibility.

We sell Gardner UltraSkin which is supple and easy to use.

LEADERS

Leaders are recommended due to volume of sharp mussels on lake bed.

Tubing to prevent damage to fish and/or scale removal.

If using Chod of Helicopter rig set-ups, the lead MUST be able to come off.

No Naked Chods.
